The following information describes proposed changes to certain investment options offered under certain variable annuity contracts and variable life insurance policies listed above (the “Contracts”). Please retain this supplement with your latest printed prospectus for future reference.

The Board of Trustees of Columbia Funds Variable Insurance Trust and Columbia Funds Variable Series Trust (each a “Trust”) has approved a Plan of Liquidation (the “Plan”) of the funds listed below (each a “Fund”, collectively “the Funds”) (including the Fund shares held by the variable account) pursuant to which the following Funds will be liquidated:

- Columbia Variable Portfolio – Asset Allocation Fund;
- CTIVP® - AQR Managed Futures Strategy Fund;
- Columbia Variable Portfolio – Diversified Absolute Return Fund;
- Columbia Variable Portfolio – U.S. Equities Fund; and
- Variable Portfolio – Wanger International Equities Fund.

Completion of a transaction (each a “Transaction”) involving the liquidation of the Funds and the substitution of shares of another fund for shares of the Fund is subject to a number of conditions, including shareholder approval of the Transaction.

If shareholder approval is obtained, it is anticipated that the Funds will be liquidated on or about April 24, 2020 (the “Liquidation Date”) at which time the Fund’s shareholders will receive a liquidating distribution in an amount equal to the net asset value of their Fund shares. Shareholders of the Fund may redeem their investments in the Fund at any time prior to the Liquidation Date.

If you have Contract value allocated to the Funds, you may transfer it to any other available investment option prior to the Liquidation Date. Such transfers will not count toward any Contract level limitation on the number of transfers allowed per year. Any Contract value remaining in the Fund on the Liquidation Date will be transferred to the Columbia Variable Portfolio – Government Money Market Fund without charge. Thereafter, the Fund will no longer be available as an investment option under your Contract.

For 30 days after the Liquidation Date, you may surrender Contract value allocated to Columbia Variable Portfolio – Government Money Market Fund without charge.

For 90 days after the Liquidation Date, you may transfer Contract value allocated to the Columbia Variable Portfolio – Government Money Market Fund to any other investment option available under your Contract without charge. Such transfers will not count toward any Contract level limitations on the number of transfers allowed per year.

After the Liquidation Date, the liquidating Funds are no longer available as investment options under the Contracts listed above.

THIS SUPPLEMENT SHOULD BE READ AND RETAINED FOR FUTURE REFERENCE.
